das Licht

LUNUX

URBAN LIGHTING SOLUTIONS

GUARANTEE

10 years of light

LUNUX guarantees 10 years of light!

We don't just want to make promises about the quality of our products, we also want to prove it to you. Therefore, LUNUX is providing the one-year statutory warranty plus a further 9-year manufacturer's guarantee on all of its products.

Customer service comes first.

So LUNUX takes care of exchange or repair at its own cost in the case of a complaint. Quick and easy.

That's unique. That's the 10 year LUNUX lighting guarantee.

Technical lighting

Public lighting must be efficient, effective, attractive and safe. Our technical lights more than meet the requirements in terms of acquisition and running costs, light efficiency, improving the image of the urban environment and resistance to external influences.

	Eco Streetline	**Eco Streetline Slim**	**Helius**	**Ellipse**	**Eco Stateline**
	Also available with **Zhaga SR socket**		Also available with **Zhaga SR socket**	Also available with **Zhaga SR socket**	Also available with **Zhaga SR socket**
Rated luminous flux	600 – 10,000 lm	600 – 10,000 lm	1,000 – 12,000 lm	1,000 – 12,000 lm	3,000 – 20,000 lm

Parking areas	●		●	●	●
Cycle paths	●		●	●	
Collector roads	●	●	●	●	●

Now also with patented **silicone module technology**

Decorative lighting

Safe urban living spaces thrive with bright and friendly lighting, especially at night. Nothing should spoil the image of the urban environment. Even lighting for safety purposes should always blend harmoniously into the environment and complement the surrounding area decoratively.

	Jüterborg 1007	Tempus 538	Eco Cityline Moon	Cone 740	Mushroom 401-5
Rated luminous flux	1,000 – 3,250 lm	1,000 – 3,250 lm	1,500 – 3,250 lm	1,750 – 3,250 lm	1,000 – 3,250 lm

Main roads					
Park areas/paths	●	●	●	●	●
Parking areas	●	●	●		●
Cycle paths	●	●	●		●
Collector roads	●	●			●

Historical lighting

Each area has its own heritage. Streets, buildings, monuments and public areas still show the heritage of a place to this day. With our historical lighting we can portray your area's heritage in the best light. Without corners and angles, unless you want them.

	 **Eco Cityline**	 **Eco Cityline Shade**	**030**	 **Old Berlin**	 **Gas lamp 9650**	**451**

Special lighting

Unusual uses call for bright ideas and concepts.
We are well-prepared for all urban environments with our special lighting and can provide you with the perfect solution that will blend perfectly into your urban environment.

Retro-fit lighting for you

What customers want and achieve with us is not change at any price, but a noticeable improvement in their current lighting situation. The most important criteria here are perfectly matched lighting, efficient lighting systems and ease of use. In addition, we offer you the exclusive opportunity to develop (almost) any customised solution with our custom lighting manufacturer at the Laatzen site.

The result: simple and cost-effective conversion to the latest LED technology. And the cityscape is preserved!

Your benefits:

- Upgrade to the latest LED technology
- Low-cost changeover
- Long-term sustainable cost savings
- Housing maintenance
- LUNUX manufacturer's guarantee and warranty
- Also excellently suited for refurbishing decorative and historical lighting
- Simple to replace thanks to "light-in-light" concept
- Preservation of the cityscape
- Electricity costs reduced by up to 75% compared to old technology
- Precise lighting control
- Optimal illumination of lighting areas
